

JINHA KANG

Award-Winning Multimedia Graphics Designer & Art Director

PROFESSIONAL EXPERIENCE

Daily Mail, New York, NY — *NY Multimedia Graphics Editor*

Nov 2023 - PRESENT

- Design multimedia content for mobile and web platforms, serving **225 million monthly visitors** on the world's most-read newspaper website.
- Produced **over 500** graphics for news articles, including data visualizations, maps, infographics, polls, and interactive elements across **1,000 daily stories**.
- Manage projects under **tight deadlines** in a high-pressure newsroom, collaborating with reporters, IT, and graphics teams.
- Enhance the visual identity of the Daily Mail by creating compelling graphic content, leading to **increased user engagement, average session duration, and click-through rates**.

The Luminary Agency, New York, NY — *Associate Art Director*

Sep 2023 - Dec 2023

- Developed **social media content** to drive successful marketing campaigns and engage target audiences by partnering with copywriters.
- Created branding, graphics, typography, websites, and logos for clients including **House of Feelings, Vagabond, and Higher Self Yoga**.
- Mentored junior associates in the conception, development, and execution of all visual assets for **2023 Marketing Campaign**.

IPG Health (Area 23), New York, NY — *Art Director Intern*

June 2023 - Aug 2023

- Collaborated with senior leadership in ideation, coordination, and development of creative assets, contributing to tactics, concept, branding, and art direction for multiple B2B, **DTC**, and **HCP** projects for leading pharmaceutical companies, including **Insmed**.
- Worked with **cross-functional** teams to generate diverse concepts using Midjourney and DALL-E, ensuring alignment with client vision and messaging.
- Led a **\$3 million team pitch** as Art Director, overseeing strategic brainstorming, campaign development, branding, visual ad creation, and execution of creative briefs.

Brown University, Providence, RI — *UX/UI Design Researcher*

Sep 2022 - May 2023

- Conducted user research to inform design decisions, ensuring products met target audience needs.
- Led the creation of human-centered interaction design products and prototypes, collaborating with PACE Organization of Rhode Island to deliver an exceptional user experience.

Hyundai Motor Group, Providence, RI — *Design Project Director*

Feb 2022 - Oct 2022

- Directed biomimicry **design research** for **over 40** design researchers from Horizon Studio, Boston Dynamics, KIA, and Hyundai.
- Led the creation of **human-centered design products** for automotive and sustainable future designs, reporting directly to KIA and Hyundai CEOs
